

I am writing in reference to KLOVE Radio station. I have been listening to KLOVE for about 3 years now. The music, the spiritual messages and foremost the staff at KLOVE are wonderful!! I have heard about the LPFM program that you may plan to impliment. The KLOVE signal in my area is very weak and difficult to 'pick up'. Choosing to put KLOVE on LPFM would make it impossible to listen to Klove. I know of many people in my community that listen to KLOVE. Many people have been 'touched' by the music and positive messages that are a staple in the KLOVE programming. Without KLOVE, many of us would not have the inspiration and uplifting music and comments to help us in our day to day lives. Please, do not implement LPFM on KLOVE. Thank you for your time. Maria Jimenez
